YUCHIP is Your China Leading LED Display Manufacturer and LED Screen Supplier Since 2004

YUCHIP is committed to showing the wonderful world by offering industry-leading outdoor and indoor LED display products and solutions.

Our world-class LED displays are certified with CE, RoHS, CCC, FCC, EMC, SABER, BIS, SONCAP, etc.

The high-quality LED display has been exported to over 102 countries.

We can customize the LED display size, shape, and pixel pitch for each of your projects.

Your Best Global LED Screen Supplier

We have more than 16 years of LED display manufacturing and projecting experience. Every year, we implement customers' mutual visits and attend international exhibitions in different countries and regions to understand local market needs better. Eventually, we created the best LED display to meet and exceed your customer expectations.

You will receive our comprehensive service, including pre-sale consult, in-production status feedback, after-sales technical support, and an on-site installation guide. By far, we have set up branch offices in Germany, Hungary, and Peru. We authorized distributors in America, Italy, Malaysia, and Thailand. Besides that, YuChip set up an installation team in Lagos, Nigeria, to support African local customers' LED screen installation.

#1 LED Screen Supplier Choose To Rocket Your Projects

Founded in 2004, YUCHIP is an award-winning global LED display supplier headquartered in Shenzhen. As a comprehensive LED display manufacturer, it focuses on offering top-notch technology and high-performing visual products. The outstanding LED displays include outdoor LED display, indoor LED screen, rental LED display, transparent LED screen, LED poster, LED curtain, taxi LED display, LED sphere display, flexible LED screen, HD LED screen, LED controller, and more.

We are providing you vast pixel pitches for each of your projects. The great range of pixel pitch comes from 0.9mm and 1.25mm full HD LED screen to 10mm and 16mm inexpensive large LED screen. YuChip offers you the best pixel pitches for your LED

screen solutions, for example, church LED screen, stage LED screen, commercial LED display, stadium LED screen, retail LED display, hospitality LED screen, trade show LED displays, LED school sign, transportation LED display, LED theater screen, and more.

Our highly skilled team of marketing and technical experts listens to your project demands, closely works with you to offer the best LED display screen solution. So, whether you are a large organization looking to rebrand multiple locations across the country or a smaller business looking to create one showstopper LED display for your business location, we can help.
